### Richa Savage £99.99

For those who want race levels of protection and waterproofing, these are perhaps the best value option here. They have a robust quality, with friction-resisting palm sliders and hard knuckle protectors and a tougher leather from Somerset-based tannery Pittards around the heel of the palm. There's good feel through the palms despite the presence of the Hipora membrane – and all for just under £100.

**Colours** Black
